

# Incentives in Health Care Prevention

Evidence from an Experimental *Aedes Aegypti* Control Programme in Brazil

Danilo Freire, Brown University

Umberto Mignozzetti, Emory University

## Motivation

.font150[\* Mosquitoes are the world's deadliest animal]

—

.font150[\* Forty percent of the world's population, about 3 billion people, live in areas with a risk of dengue (CDC, 2020)]

---
